

DIRECTIONS FOR NEW STUDENT ONLINE ORIENTATION

Orientation at SCC gives you the scoop on everything you need to know. All new students must go through an SCC new student orientation.

Here's how:

Go to www.scciowa.edu

Click on *Admissions* then *Before I can Register*, to find the link to the *online orientation*.

This orientation is covered over a number of pages to help you digest information in smaller amounts and allows for sections to be reviewed again.

In each of the sections below, there is a "Back to" button and a "Next" button to help navigate your way. At the end of each section is a 3-question mini quiz. The mini quizzes are not graded or submitted. They are to help you remember key points for the full orientation quiz.

This online orientation will help you learn more about:

- [Academics & required college placement tests](#)
- [Paying for your education](#)
- [Financial Aid](#)
- [Enrollment services and registration](#)
- [Technology at SCC \(Email account & Hawknet\)](#)
- [Resources you might need as a student](#)
- [Frequently asked questions \(FAQs\)](#)

After you have read through all of the pages, you will be asked some questions and then you will take a **10 question quiz**. Remember to **submit your answers**.

As you read through the pages, please remember that we do things a little differently for our students in STEP:

- You will meet with a STEP Coordinator to register for your fall classes, not an Enrollment Specialist.
- Don't apply for FAFSA (financial aid) yet – you will be eligible for financial aid after you are staffed out of STEP.
- We will give you a purchase order that pays for your textbooks at the SCC bookstore.
- Don't try to access the links as you go through the orientation. You won't be able to access your HawkNet page until you have successfully completed the online orientation and are coded as a 'current student'.

If you have questions, contact Enrollment Services at 319-208-5010.

If you have technical difficulty, please contact the SCC Help Desk at 319-208-5087.
