

## **AEA Advisory Committee**

### **Recommendations to the Board**

**June, 2012**

- **The Agency will continue to emphasize the change of practices from 2011-2012 to ensure quality support to administrators, teachers, and students.**
- **Essential to the Agency work in 2012-2013 will be to work with each district through a consistent process to ensure a well-defined professional development plan is in place and that the district/building is receiving the support from GPAEA to ensure all students are entitled to a quality education.**
- **As an Agency, GPAEA will monitor/support the implementation of each district/building professional development plan through the district data teams, onsite work by consultants, LEA administrator and Regional Director meetings, GPAEA cabinet visits, and superintendent and chief administrator meetings.**
