

## Feedback from AEA Advisory Committee – February 2014

<b>Identify Services/Activities that are MOST valuable to your district.</b>
<p>Early literacy interventions. Bully prevention/school culture. Literacy in core areas.</p>
<p>Special Education Instructional Improvement Technology Integration</p>
<p>Our special education consultants do an outstanding job and help not only our special education teachers, but also our classroom instructors with strategies to help make all students successful.</p>
<p>The RTI &amp; MTSS process are key strategies that we need to continue to grow.</p>
<p>I would like to see more services in the area of Low SES and poverty. I believe our teachers and administrators would benefit from training in this area.</p>
<p>curriculum assistance help understanding and implementing Iowa core issues navigating the political/legal changes for non-public schools in the state of Iowa *** - special education services - ***</p>
<p>Special education consultation Professional development on state initiatives Iowa core Rti Media / speech / and hearing services</p>
<p>AEA content area supports Counseling support services Media services</p>
<p>1) Continue to focus on C4K- improving core instruction as part of a MTSS 2) Iowa Core- especially the characteristics of effective instruction (the main way we are going to improve achievement is through improved instruction) 3) Collaboration- PLC and teacher leadership</p>
<p>AEA in the "Trenches" - classroom presence Broaden initiatives to include (Like MTSS) all districts Professional Development opportunities: data analysis, strategies for struggling learners and challenging behaviors</p>
<p>MTSS (across GPAEA), Special Ed. Consultation, asst. w/behaviors, asst. w/goals, School district specific needs (small group)</p>
<p>1) Behavioral supports, training, and staff available to problem solve in</p>

classrooms/buildings.

2) Grade level-Preschool opportunities accross the AEA. Supports for ECSE

our special edcuation population is huge and Matt Mitchell and Luann Glaser provide priceless assistance. [Sped Tech Support]

Our assistance through the IS3 process has been exceptional

### Identify Services/Activities that are, in your opinion, low priority or no longer needed.

N/A - may need to think more about this one.

I believe the AEA is doing some great stuff and should continue with your current offerings.

print shop is used less - especially if it is digital

That's a tough one.....

Can't think of any

Uncertain

Let me think about this... I need some time.

AEA only present in the office.

large group trainings

### Please comment about the Advisory Group process.

I am really excited to be a part of this advisory group. I would like to have had more time to discuss/participate. I also don't feel like I have a great handle on the entire scope of what the AEA does.

It would be good for us to glance through some of the data that was presented prior to the meeting. It might have helped with generating more conversation. It might also be good to gather information from the buildings in the district to bring to the advisory for local feedback.

It's always good to include opportunities for participant collaboration around the meeting goals.

Thanks for inviting me and I look forward to helping in the process.

I appreciate being asked to be a part of this.

I hope you can continue to include someone from the non-public schools to network with this group

Nice to have a good size group....

Makes it better

## Feedback from AEA Advisory Committee – February 2014

More time for group discussions

Possible addition of virtual meetings in addition to real time meetings

I always appreciate of the opportunity to hear about the area's data and the steps the AEA are planning to take as we move toward improved student achievement.

Looks good. Looking forward to April.

New to process information or acronyms prior to meeting. Reviewed previous agendas but some information would be helpful.

This process has been good- more people yet will help gain even more insight
