

SCC Online New Student Orientation Directions

Orientation at SCC gives you the scoop on everything you need to know. All new students must go through an SCC new student orientation.

Here's how:

Go to www.scciowa.edu

Click on *Future Students*, then *Apply Now*, then *Complete the online orientation session*.

As you read through the document, please remember that we do things a little differently for our STEP students:

- You will meet with a STEP Coordinator to register for your fall classes, not an Enrollment Specialist.
- Don't apply for FAFSA (financial aid) yet – you will be eligible for financial aid after you are staffed out of STEP.
- We will give you a purchase order that pays for your textbooks at the SCC bookstore.
- Don't try to access the links as you go through the orientation. You won't be able to access your HawkNet page until you have successfully completed the online orientation and are coded as a 'current student'.

After you have read through the document, you will be asked some questions and then you will take a **10 question quiz**. Remember to **submit your answers**.

If you have questions, contact Dana Chrisman at 866-722-4692, Ext. 5017.

If you are having technical difficulty, please contact the SCC Help Desk at Ext. 5087.
